

English Language A Level

Bridging materials

If you follow this link to the English Language Bridging Materials page on the intranet, you will find booklet called “[Leaping into Language](#)”. If you cannot access this, then please email a.brown@dauntseys.org and I will send you a copy.

We would like you to work through pages I-III of this booklet. You should find that there are lots of interesting tasks and activities to do. When you join your group after half term, your teachers will talk to you about the activities that you have done. We will concentrate in particular on Activities 2 and 4. Don't try to do all of them, just pick a few that look interesting to you.

The audio files that you need to listen to for activity 3 are also on the same page, on the right hand side.

Enjoy!
